# **New Business Architecture System**

---

---

Solution Intelligence Layer™

---

## Overview

**Solution Intelligence Layer™** is designed to help organizations, founders, and innovators move from **unclear problems to structured solution direction**.

This system focuses on building **clear thinking frameworks, innovation pathways, and strategic direction models**, enabling you to understand not just the problem — but the **right way to approach and solve it**.

## Purpose

To define **how to think, what to build, and which direction to follow**, by transforming raw problems into structured solution pathways and innovation opportunities.

## What We Provide

- **Problem Understanding Frameworks**  
Structured analysis of the core problem, context, and underlying factors
- **Thought & Innovation Direction Models**  
Frameworks to guide how solutions should be approached and developed
- **Invention Possibility Analysis**  
Identification of possible invention directions based on problem and market context
- **Strategic Thinking Structures**  
Logical and strategic models to support high-quality decision-making
- **Solution Pathway Identification**  
Clear mapping of possible routes to develop and implement solutions

## Deliverables

- Solution Framework Document
- Innovation Direction Notes
- Strategic Thinking Sheets
- Problem-to-Solution Mapping Summary

## Best Suited For

- Founders with unclear direction
- Startups struggling with problem definition
- Teams exploring multiple solution approaches
- Organizations planning innovation strategies

## **Key Value**

- Brings clarity to complex problems
- Defines structured thinking before execution
- Reduces confusion in decision-making
- Aligns ideas with strategic direction
